- Due to changes in the SAT, institutions will need to convert and scores from the new SAT to old SAT using College Board Concordance tables.

- ADM covers data for the most recent Fall period.
- ADM is only applicable to first-time entering students; do not include other students in the number of applicants, number of admits, and number (of admitted) that enrolled. Only include levels (full-time, part-time) that you indicated were offered in the IC Header. If you made an error in the IC Header, please call the IPEDS Help Desk.

Screen: Selection Process - Test Scores

Screen Entry	The number of enrolled students that submitted test scores (SAT + ACT) reported on the Selection Process - Test Scores screen should be greater than or equal to the total number that enrolled full-time and part-time reported on the Selection Process - A/A/E screen. Please correct your data or explain. (Error #14232)	Explanation	Yes	
Reason:	The SAT is not the primary test used for entrance into the University of Missouri, the ACT is. The low number of SAT represents students who come from outside of the Midwest region.
