

This report summarizes the status and trends in fall enrollment at the University of Missouri's four campuses. Enrollments are presented in a series of six tables. Table 1a summarizes the first-time on-campus headcount by student level for each campus since 1998. Table 1b summarizes the fall total headcount enrollments for each campus and the System for the same time period. Table 2 displays fall 2002 enrollments by campus, student level, and characteristics such as residency, full- and part-time status, and student full-time equivalency. Following Tables 1a-b and Table 2 are a series of tables displaying more detailed enrollment and student characteristics for the System and each individual campus. Tables 3.0-3.4 depict on-campus and off-campus headcount and full-time equivalency enrollments as well as student credit hours by student level. On-campus and off-campus enrollments by residency, full- and part-time status, and student level are shown in Tables 4.0-4.4. Table 5.0 shows enrollments by student level, gender, and ethnic characteristics, and Table 6.0 displays UMKC headcount enrollment in its six-year dentistry and medicine programs.
